

COURTCALL VIDEO P2P HOST: PARTICIPANT CONTROLS

PARTICIPANT VIEW/CONTROL

This tab shows all connected participants and their current status. A name listed in **green** indicates an actively connected participant, while **grey** means disconnected.

HOST FUNCTIONS

Audio/Video Control

Hosts may enable/disable audio and video for any participant

Kick Participant

Removes a participant from the room

Subconference

Move selected participants into subconferences.

Promote/Demote: Promote any participant to a host, if needed. Demote when the participant no longer needs host functionality.

Screen Share: enable or disable screen sharing for other participants.
