

COURTCALL VIDEO: AUDIO & VIDEO CONTROLS

To control your audio and video during a CourtCall Session, you will use the toolbar located in the top center portion of the screen, just above the video stage area. You can also edit your information and select your video input and audio input/output.

Participant info/edit – You may click on this icon to edit your information

Stop Video

Stop video - Video is LIVE. Click to turn your webcam OFF.

Start Video

Start video – Video is NOT-LIVE. Click to turn your webcam ON.

Mute

Mute Audio – Audio is LIVE. Click to MUTE your audio so that you will not be heard.

Unmute

Unmute Audio – Audio is NOT-LIVE. Click to UN-MUTE your audio so that you can be heard.

Preview Video

Preview Video – Toggle this button to preview your video, even if your case is not live. Nobody else will be able to see this preview. Use this to position yourself or analyze your environment before going live.

Settings

Settings – This will open a pop-up menu that will allow you to select your video input and audio input/output from the device you are using.
